

Bravida broadens its customer offering and acquires SKM Service Oy in Finland

Bravida Finland acquires SKM Service Oy and thus adds to its total customer offering in Finland. The company has 20 employees and a turnover of around EUR 13 million.

SKM Service Oy specialises in industrial pipes and offers wide-ranging competence in the installation and maintenance of facilities for the industrial sector. Marko Holopainen, Head of Division at Bravida Finland, is very pleased about the acquisition, and comments:

“The acquisition allows us to expand the range of services we can offer our customers and strengthens our position in the Ostrobothnia region. SKM Service Oy is a well-run company with skilled employees and complements our existing business. It creates a good platform to develop the business further, together.”

Marko Junttila, CEO of SKM Service Oy, is pleased to now become part of Bravida and sees a good opportunity for continued growth.

“From the very start, we have strived to become an industry leader in Finland. Becoming part of Bravida now gives us a great opportunity to move up to a higher level and expand the customer base, as well as offering our customers more comprehensive services in new business areas,” says Marko Junttila.

Bravida will take over as the new owner on 1 March 2021.
