Bravida secures Swedish Prison and Probation Service's correctional facility in Skenäs

Bravida will supply security and fire solutions to the Skenäs Correctional Facility outside Norrköping, Sweden. The agreement covers hardware and software as well as installation and commissioning of solutions for both fire and security.

Skenäs correctional is currently in an expansion phase. The building project includes new security solutions, which will be delivered by Bravida.

Among other things, the delivery includes Bravida's security system Integra with solutions for parent system, access control, burglar alarms and Autronica fire alarm system.

"We are very proud to have been given the trust to deliver a complete security solution to the Prison and Probation Service's Skenäs facility. We are particularly pleased that our own product, Integra, is a major part of the delivery", says Gottfrid Seidevall, Business Area Manager Security, Bravida Division Riks.

The project has started.
