

Bravida Finland strengthens its service portfolio with the acquisition of Sarjametalli Talotekniikka Oy

Bravida acquires Sarjametalli Talotekniikka Oy, thereby expanding its range of services in southern Finland. The company has a turnover of around EUR 11 million and employs around 20 people.

Sarjametalli Talotekniikka Oy installs HVAC systems with a special focus on new residential construction in southern Finland. The acquisition strengthens Bravida's market position and portfolio of services in the region.

"The acquisition is fully in line with Bravida's strategy to grow in Finland. Sarjametalli Talotekniikka Oy is a well-managed company with skilled employees and leaders. This creates a good basis and platform for us to further develop our business activities together and expand what we offer in the area of new residential construction in southern Finland," comments Marko Holopainen, Head of Division Finland at Bravida.

Markus Nyman, CEO of Sarjametalli Talotekniikka Oy, comments:

"We have worked hard to become the leading residential HVAC contractor in the Helsinki region. As part of Bravida, we will strive to offer even higher quality and competitive services to our customers in this segment, in which indoor air requirements have increased significantly in recent years, and will continue to do so in the future as well."

Bravida will become the owner on 1 November 2021.
