

Bravida strengthens its position in HVAC and plumbing in Örebro

Bravida acquires the company AB Emanuelsson VVS-Byrå, thereby strengthening its offering in HVAC and plumbing in the Örebro region. The company has 12 employees and annual sales of around SEK 65 million.

AB Emanuelsson VVS-Byrå was founded in 2007 and works with service and installation activities for ventilation, heating, plumbing and energy solutions, and with energy surveys. The company is located in Örebro and its customer base consists of various construction, property and civil engineering companies.

“I am very pleased to welcome Emanuelsson VVS-Byrå to Bravida. With this acquisition, we become a full-service provider for both the design and implementation of projects for all measures relating to technical installations in properties in Örebro,” comments Johan Holmberg, Regional Manager for the Närke, Östergötland and Gotland Region at Bravida.

Ulf Emanuelsson, founder and CEO of AB Emanuelsson VVS-Byrå, will continue to be part of the organisation. He comments:

“It feels great to become part of Bravida, which is a large and stable company in which we can continue to develop our customer offering. At the same time, our employees also get the opportunity to continue to develop further.”

Bravida will take over as the new owner on 1 April 2024.
