

Bravida Denmark to deliver installations for DKK 150 million at new Novo Nordisk Foundation office

Bravida Denmark has signed a contract for installations as part of a comprehensive works assignment regarding construction of the new Novo Nordisk Foundation head office in Hellerup outside Copenhagen.

The Novo Nordisk Foundation's new head office covers approximately 13,000 square metres and has a strong focus on sustainability based on energy-efficient solutions and a holistic approach to materials, installations and the future running of the building. Bravida will install electrics, plumbing and systems for sprinklers, HVAC, fire safety, security and BMS.

“We are proud that Bravida has been chosen as a partner for this project. This is a strategically important contract for Bravida, which demonstrates the wide-ranging expertise of our business and the strong collaboration between our various technology areas. We are looking forward to a good partnership in this project,” comments Kim Christiansen, Regional Manager for the Contracting Business in Eastern Denmark at Bravida Denmark.

Bravida's assignment will start at the end of May 2026 and is scheduled for completion in December 2027.
