

## **Bravida has been awarded a contract for new data center in Norway worth approximately NOK 4.5 billion**

**Bravida has been awarded the installation contract for Green Mountain's data center in Norway. The assignment includes project management, design and all technical installations.**

“I am proud that Bravida has been entrusted with carrying out the installations for yet another data center. We are the leading player in this field in the Nordics and have delivered data center installations since 2009. Bravida has the capacity and experience required to deliver large and advanced projects within industry, infrastructure and the data center segment. This enables us to meet society’s growing needs for digital infrastructure, cloud services and AI. It is very exciting to be a central and important part of society’s development in coming years,” comments Mattias Johansson, CEO and Group President of Bravida.

The agreement will run over several years and forms part of Green Mountain’s and DC Nordic’s design and build contract. DC Nordic is a Joint Venture between Bravida and Backe Industri. Bravida’s share of the order is estimated at approx. NOK 4.5 billion.
