

Bravida Finland strengthens its service offering in southern Finland

Bravida Finland acquires the heating, plumbing and ventilation company Lämpö- ja Wesijohtoliike P. Juutilainen Oy, thereby strengthening its position in the service market in southern Finland. The company has a turnover of EUR 3.1 million and around 16 employees.

The company Lämpö- ja Wesijohtoliike P. Juutilainen Oy was founded in 1932 and is active in the field of repair and maintenance for heating, plumbing and ventilation.

“We are very pleased to welcome Lämpö- ja Wesijohtoliike P. Juutilainen Oy to Bravida. It is a well-managed company with skilled employees, and the acquisition expands our service expertise in southern Finland. This is fully in line with Bravida’s strategy. With this, we are taking a step towards being able to offer our customers significantly more multi-faceted maintenance services,” comments Marko Holopainen, Head of Division Finland at Bravida.

Jyrki Harju, CEO of Lämpö- ja Wesijohtoliike P. Juutilainen Oy, comments:

“The maintenance and repair services we provide are the best in the country, especially in areas that require specialised expertise, such as shopping centres and healthcare facilities. It is fantastic that we can now develop our service portfolio further as part of Bravida.”

Bravida will take over as the new owner on 29 September 2023.
