## **Bravida acquires electrical business and becomes end-to-end provider in Örnsköldsvik, Sweden**

**Bravida has signed an agreement to acquire A. Bylunds Elektriska AB, an electrical company in Örnsköldsvik, Northern Sweden. The company complements Bravida's existing offer and makes Bravida an end-to-end provider within electrical, heating & plumbing, and HVAC in the Örnsköldsvik area.**

A. Bylunds Elektriska AB specialises in service and installation within electrical, telecom, data, and security systems. The company, which was founded in 1991, has 43 employees and a turnover of approximately SEK 40 million.

"The Örnsköldsvik area is a very interesting market, where we have previously only offered services within heating & plumbing and HVAC. A. Bylunds Elektriska is a well-managed business which will fit nicely into Bravida. Their competence is high, they work continuously to secure high quality in their work and their customers are happy. They complement our existing business in a good way," said Olle Näsvall, Regional Manager, Bravida.

Anders Bylund, current owner of A. Bylunds Elektriska:

"I see this as a natural step in the development of A. Bylunds Elektriska. We will retain our local position, which secures the attractiveness of our business, both towards our customers and our employees. At the same time, becoming a part of a big group like Bravida will create exciting opportunities," he said.

Bravida will take over as owner on 1 April 2019.
