## **Bravida acquires sprinkler business in Karlstad**

**Bravida has signed an agreement to acquire the sprinkler company Sprinklerinstallationer i Sverige AB. The company has 9 employees and a turnover for 2017/2018 of approximately SEK 6.5 million.**

The company, Sprinklerinstallationer i Sverige AB, offers services within installation and service of sprinkler solutions. They are based in Karlstad, Sweden, and operates in the area north and west of the lake Vänern. Their customer base consists of private customers, businesses and municipalities.

“For Bravida, this acquisition means strengthening in a geographical area where we previously had no sprinkler business. We are strategically working towards our goal to become the leading sprinkler company in Sweden. It feels great to grow the business and to welcome new colleagues.” Said Fredrik Torstensson, Head of Business Area Bravida Sprinkler.

The current owner of Sprinklerinstallationer i Sverige AB, Tony Lilja, is also happy about the acquisition.

“We have been working together with Bravida for a long time. When they wanted to grow and invest in our area we took the chance to become part of a larger company. I think this will be positive for everyone involved. It feels good to have signed this acquisition. This will be a fun challenge for me and the boys after our summer vacations. I hope we will contribute with positive energy and experience!”

Sprinklerinstallationer i Sverige AB has 9 employees who will be a part of Bravida Sprinkler from 2 September 2019.
