

## Bravida Finland grows in automation

**Bravida Finland acquires Hämeen Kiinteistöautomaatio Oy, thereby expanding its automation activities in southern Finland. The company has sales of around EUR 2.6 million and employs 17 people.**

Hämeen Kiinteistöautomaatio Oy is active in installation and maintenance services in the fields of automation and energy management. The company is based in Lahti, near Helsinki.

“Our strategic objective is to increase our expertise in automation across the entire Group. So we are pleased that new experts in the area are joining Bravida. With this acquisition, we will be able to offer our customers even better automation services,” comments Marko Holopainen, CEO of Bravida Finland.

Jarmo Ahonen, CEO of Hämeen Kiinteistöautomaatio Oy, comments:

“We wanted to ensure that we continue to provide quality digital technical construction services in the future, and meet the needs associated with increasing demands. Bravida was a natural choice based on good cooperation in previous projects.”

Bravida will take over as the new owner on 31 May 2023.
