

Bravida wins the assignment to deliver security solutions for 130 MNOK to a new hospital in Drammen

Bravida has signed its largest security contract ever in Norway. The assignment includes installation of security solutions in a new hospital in Drammen, with an order value of NOK 130 million.

The contract with Helse Sør-Øst RHF was signed on July 7, and the assignment includes installation of entry systems and other systems for alarms, surveillance, fire and theft, as well as installation and services in locks and fittings. Øyvind Hagen, Regional Manager Bravida Norway, says:

“In recent years, Bravida has delivered technical installations at Østfold Hospital and A-fløya in Tromsø. We have come a long way with the hospital project in Tønsberg and we are in an initial phase with both Molde and Stavanger hospitals”.

“We look forward to the delivery of security solutions to the new hospital in Drammen. Bravida has the right qualifications and staff for the assignment. Together, we have worked purposefully to win the contract”, continues Øyvind Hagen.

The hospital is scheduled to open by the summer of 2025.
